How to Use This Flipbook

When I use this flipbook in front of an audience, you will notice that I am constantly rolling backwards and forwards through the slides, pointing out not just the positions and shapes but also the movements. If you want to get the maximum value out of this eBook, you should do the same; **you should set this eBook up so that only one page occupies the screen and then page back and forth from page to page, watching the movements.**

The easiest way is to download this PDF to your computer and open it using [Adobe Reader](#) or some other application that can display PDFs one page at a time. **In Acrobat select View > Read Mode or View > Page Display > Single Page View.**

You can then use the right and left – or up and down – arrows on the keyboard to go through the frames of each clip and get a sense of how each movement looks and works.

A Tampa Bay Rays pitcher is captured in the middle of a throwing motion on a baseball field. He is wearing a white home uniform with "RAYS" printed in blue on the front, a blue cap with a white "TB" logo, and a black baseball glove on his left hand. His right arm is extended forward, holding a white baseball, while his left arm is bent at the elbow. The background shows a blurred crowd of spectators in a stadium. A large, semi-transparent watermark "chrisoleary.com" is overlaid across the center of the image.

Where to go From Here

This is just one of my flipbooks and it contains excerpts from a few of the many flipbooks and clips that I have in my library. Some of those flipbooks are available for sale individually and all of them are available to those who purchase one or more of my hitting bundles. To see what hitting and other products are available, **including drills that will help you develop the movements that you see in this flipbook**, go to...
